CLAIMS 1-27 ARE PRESENTED FOR EXAMINATION

Applicants' papers filed dated February 19, 2004 have been entered into the file.

Upon further consideration of the subject application, the withdrawal of the Rejection of a Defective Declaration in the Office Action of November 30, 2000 is reversed. The arguments set forth in applicants' remarks of August 10, 2000 are now deemed non-persuasive. The attorney apparently believes that reciting the type of error (claiming less than entitled to) or the cause of the error (previous attorney didn't appreciate full scope of invention) identifies the error. In particular the applicants have failed to identify a specific correctable error.

Claims 1-27 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251. See 37 CFR 1.175. The nature of the defect is set forth above.

The allowance of claims 1-10 and the Final Rejection of August 26, 2003 are withdrawn.

Further, an appropriate supplemental oath/declaration under 37 CFR 1.175(b)(1) will overcome previous rejection of amendments made to claims 11-27 under 35 U.S.C. 251. An example of acceptable language to be used in the supplemental oath/declaration is as follows:

"Every error in the patent which was corrected in the present reissue application, and is not covered by a prior oath/declaration submitted in this application, arose without any deceptive intention on the part of the applicant."

The new Supplemental declaration must be signed by all the applicants.

A statement under 37 CFR 3.73(b) is missing from the file.

Art Unit: 1617

A proper assent of the assignee in compliance with 37 CFR 1.172 and 3.73 is required in reply to this Office action.

The original patent, or a statement as to loss or inaccessibility of the original patent, must be received before this reissue application can be allowed. See 37 CFR 1.178.

It is to be noted that the Combined Amendment & Petition for Extension of Time Under 37 CFR 1.136(a) contained the wrong serial number and the fee was not charged until 5/21/04.

None of the claims are allowed.

CONCLUSION

Applicant is required to file:

1. a new Reissue Oath or Declaration which also refers to all previously filed amendments; and
2. submit proper papers in accordance with 37 CFR 3.73(b).
